EL(3) 18-08 (p4) : 19 June 2008

Draft Final Report on Support for People with Dyslexia in Wales

Purpose

To consider the draft final report and recommendations of the Dyslexia Rapporteur group on Support for People with Dyslexia in Wales.

Background

In July 2007, the Enterprise and Learning Committee established a cross-party rapporteur group to consider approaches to the treatment of dyslexia. The group - Alun Cairns; Jeff Cuthbert; Janet Ryder; Kirsty Williams - held a series of meetings with major dyslexia organisations, dyslexia support professionals, and those with dyslexia, in particular children and their parents. An interim report on the group's findings was laid before the Assembly on 12 December 2007. The Draft Final Report on Support for People with Dyslexia in Wales presents the group's conclusions and recommendations.

Action for the Committee

The Committee is asked to agree the draft final report appended at Annex 1.
