Report of the Committee's visit to Brussels, 12-14 September 2006

Purpose

1. To note a report of the Committee's visit to Brussels.

Background

2. Each year the Committee selects items for further discussion and scrutiny from the European Commission's annual work programme. Much of the business discussed by the Committee also emanates from Europe. It was therefore felt appropriate to arrange a visit of high-level briefings to inform Members of where the Committee might be able to influence European issues.

Recommendation

3. That the Committee notes the report of its visit to Brussels, 12-14 September 2006.
