

## **Information Further to Ministerial Answers**

**Information further to OAQ34440, issued by Alun Pugh, the Minister for Culture,  
Welsh Language and Sport, on 7 December 2004**

**To Lisa Francis:**

In question time on 5 May 2004 I said that I would send you a copy of any statement that issued in Wales on our review of statutory designations for the historic environment.

This is simply to let you know that no statement has yet been issued. We are giving careful consideration to the current designations, such as listing, and are keeping in close contact with the Department for Culture, Media and Sport given that the primary legislation is common to England and Wales. We shall look particularly at the need to reflect particular circumstances and experience in Wales.

I would like to apologise for the delay in responding to your inquiry.
