

## **Information Further to Ministerial Answers**

### **Information further to OAQ0595 (FIN) issued by Sue Essex, the Finance Minister**

#### **To Brynle Williams:**

On 12 July, you asked me as a supplementary to OAQ595, whether adjustments in the financial provision for Tir Mynydd had contributed towards the £5 million provision for evaluation within the Environment, Planning and Countryside budget.

I have referred your question to the Minister for Environment, Planning and Countryside who has confirmed that there is no direct link between the planned provision for Tir Mynydd, under the Tir Cymru Budget Expenditure Line, and the £5.2 million shown in the EPC Evaluation Funding Budget Expenditure Line.
