**The Import and Export Restrictions (Foot-and-Mouth Disease) (No. 6) (Wales)**  
**(Amendment) Regulations 2001**

**Background**

A series of regulations numbered 1-6 have introduced, for consecutive temporary periods, restrictions on the import and export of certain animals and animal products. These controls have been in accordance with a series of Commission Decisions. The present regulations amend the No. 6 Regulations which are the regulations currently in force.

Under the No. 6 Regulations the export of meat from certain species of animal is prohibited except under certain specified conditions. The present regulations introduce an amendment which makes changes to the specified markings which are required to be affixed to products which are exported under these provisions.
