

**Cynulliad Cenedlaethol Cymru  
The National Assembly for Wales**

**ADRODDIAD GAN Y PWYLLGOR DEDDFAU      LEGISLATION COMMITTEE REPORT**

**The Cattle (Identification of Older Animals) (Wales) (Amendment) Regulations 2002**

These regulations amend the main 2000 regulations in relation to the period within which a keeper must give notification to the Assembly of the movement of cattle.

**Standing Order 11.5**

Regulation 2 refers to the substitution of –

“for the word “seven” in regulation 7(2)(e) the word “three”.”

In the 2000 regulations as published by the Stationery Office, however, “7” appears in the English text (but not in the Welsh text) as a figure rather than a word.

This drafting defect is accordingly drawn to the attention of the Assembly so that consideration can be given to the possibility of making the necessary correction to the English text prior to publication.
