ADRODDIAD GAN Y PWYLLGOR DEDDFAU LEGISLATION COMMITTEE REPORT

**The Artificial Insemination of Cattle (Animal Health) (Amendment) (Wales)
Regulations 2002**

These amend the main regulations to make transitional provisions relating to the expiry of emergency licences issued under the Artificial Insemination of Cattle (Emergency Licences) (Wales) Regulations 2001 during the outbreak of foot-and-mouth disease, and to enable the Assembly to recognise training courses in addition to those already recognised by the (now defunct) Agricultural Training Board.

Standing Order 11.5

No points have been identified in respect of which the Committee needs to invite the Assembly to pay special attention.

General Observations

Regulation 2(4)(a),(5)(c)(i)

It is not common practice to seek to amend punctuation.

Regulation 2(4)(b)

It is suggested that the inserted paragraph (9B) would have been clearer if the words “to be moved” had been placed after “permit” instead of in their present location.
