**LEGISLATION COMMITTEE
REPORT**

The Contaminated Land (Wales) Regulations 2006

These Regulations replace the Contaminated Land (Wales) Regulations 2001 provide for the identification and remediation of contaminated land under Part 2A of the Environmental Protection Act 1990. They also make provision for appeals against remediation notices to be made to the National Assembly rather than to a Magistrates' Court as was previously the case.

Standing Order 11.7

The following point has been identified for reporting under Standing Order 11.7.

Paragraphs 4 and 5 of Schedule 3 of the English text refer to remediation declarations and remediation statements respectively. However the Welsh text uses the expression "datganiad adfer" for "remediation statement" and also for "remediation declaration". [Standing Order 1.7(v)]. This may be corrected by Memorandum of Correction.

Observations

Formatting points suitable for correction on publication have been notified to the drafting lawyer.
