The Draft Committee Proposed (Legislative Competence) Order 2009

Purpose

To comment on and agree the amended LCO and the draft Explanatory Memorandum for the Committee proposed Legislative Competence Order on Highways and Transport.

Background

The draft Explanatory Memorandum has been prepared in accordance with Standing Order (SO) 22.14 and sets out the background to the provisions in the Committee proposed Legislative Competence Order (LCO) on Highways and Transport, which would confer additional legislative competence upon the National Assembly for Wales.

The proposed LCO and the Explanatory Memorandum reflect changes made to the possible Order as a consequence of the committee's scrutiny.

The proposed LCO would add the following matter to field 10 of schedule 5:

Matter 10.2

Provision imposing duties on highway authorities in Wales in relation to the development and maintenance of networks of highways for use primarily by pedestrians or cyclists or both.

Action for the Committee

The Committee is asked to comment on and agree its amended LCO and the draft Explanatory Memorandum. The Committee is then asked to confirm that it wishes to proceed with its Legislative Competence Order on Highways and Transport.
