

## ENVIRONMENT, PLANNING AND TRANSPORT COMMITTEE

**Date:** Wednesday 23 October 2002  
**Time:** 9.00 am to 12.00 pm  
**Venue:** Committee Room 2, National Assembly Building

## LEGISLATION FORWARD LOOK

### Purpose

1. To invite the Committee to identify draft legislation for future scrutiny.

### Background

2. The Minister has provided a forward look of **forthcoming secondary legislation** in the EPT portfolio, this is attached at **Annex A**.
3. The Queen's Speech to the UK Parliament at the beginning of the new Parliamentary session, in which she will announce the UK Government's programme of **primary legislation**, is expected to contain reference to a new England and Wales Planning Bill. The Bill is likely to contain provisions which will have a significant impact upon planning legislation insofar as it applies to Wales.
4. Given its potential significance for Wales, I propose at this stage that rather than scheduling consideration of draft secondary legislation, the Committee leaves space in its work programme to accommodate scrutiny of any new Planning Bill. Once further details on the content of the Bill and Parliamentary timetable are known, a Committee discussion can be scheduled.

### Recommendation

5. The Committee is invited to leave space in its work programme to accommodate scrutiny of any new Planning Bill, rather than scheduling consideration of draft secondary legislation at this stage.

**Richard Edwards AM, Committee Chair**

**ENVIRONMENT, PLANNING AND TRANSPORT PORTFOLIO****SUBORDINATE LEGISLATION PROGRAMME 2002/03**

**Projected Month Legislation To Be Made** – Is the month that the Legislation is likely to come before Plenary for approval. Members are notified of draft instruments under Standing Order 22.1, and notification usually occurs at least 6 weeks in advance of proposed instruments coming forward to Plenary. Upon notification, Members will be invited to make representations as to whether a proposed instrument merits formal consideration by a Subject Committee. The Deputy Presiding Officer is required to make a determination as to whether a proposed instrument is to be considered formally by a Subject Committee under the ‘extended’ procedure (see below), having regard to any advice the Business Committee may provide and any representations received from Members.

**Recommended Procedure** - Is the Standing Order procedure that the Welsh Assembly Government is likely to recommend should be adopted having regard to the nature of the proposed instrument and judgement as to how much scrutiny AMs may want to exercise. The procedures are ‘Standard’ (Legislation Committee scrutiny and voted in Plenary with debate); ‘Accelerated’ (Legislation Committee scrutiny and voted in Plenary without debate); ‘Extended’ (formal Subject Committee scrutiny, Legislation Committee Scrutiny and voted in Plenary with or without debate).

**This forward programme remains subject to Ministerial confirmation, change, addition or withdrawal of items listed.**

**October to December 2002**

<b>Name/Working Title</b>	<b>Purpose</b>	<b>Projected month legislation to be made</b>	<b>Recommended Procedure</b>
Rights of Way Improvement Plans – Commencement Order under CROW Act and Guidance	CROW Act 2000 requires local highway authorities to prepare, consult on, and publish strategic rights of way improvement plans for their areas	15 October 2002 – Commencement Order  December 2002 – Statutory Guidance	Accelerated
