ADRODDIAD GAN Y PWYLLGOR DEDDFAU LEGISLATION COMMITTEE REPORT

**The National Health Service (General Medical Services Supplementary List) (Wales)
Regulations 2002**

These regulations require health authorities to prepare a supplementary list of all doctors approved by them for the purposes of assisting in the provision of general medical services.

Standing Order 11.5

The present draft takes account of points raised by the Joint Committee on Statutory Instruments in relation to the equivalent regulations which have been made for England (2001 No. 3740). Additionally, having had the opportunity of seeing an early draft of these regulations, the legal advisers to the Committee have been able to identify a number of points which have now been taken into account.

The Welsh text has only been recently received, however, having been prepared from the English text. Scrutiny of the Welsh text has shown it to contain typographical and minor drafting errors. These can be dealt with by memorandum of corrections. The legal advisers to the Committee have made a marked copy of the Welsh text available to those responsible for the drafting of the regulations.
