

LOCAL GOVERNMENT AND HOUSING COMMITTEE

DETAILED WORK PROGRAMME FOR THE SPRING TERM 2003

Purpose

1. To invite the Committee to agree a detailed work programme for the spring term 2003.

Background

2. Standing Order 9.9 requires subject committees to maintain a rolling programme of work covering periods of at least 12 months. The Committee agreed a final strategic work programme at the 24th April meeting.
3. The programme has been compiled from topics that were unable to be included in the autumn 2002 programme, action points and items from the Welsh Assembly Government.

Discussion

4. The draft programme includes scope for presentations from organisations from which members have expressed an interest in hearing and provision to finalise the Committee's policy review on capacity building. In addition, consideration has been taken of the Minister's need to inform, consult and receive the views of the Committee on certain topics.
5. The Committee is invited to comment on the draft work programme for the spring term and to indicate any additional items they would wish to see included.
