Agenda Item 6.2

Government Response: The Health Protection (Coronavirus, International Travel and Public Health Information to Travellers) (Wales) (Miscellaneous Amendments) Regulations 2021

Merits scrutiny point 3:

The Government confirms that operators were notified on a UK-wide basis on 25th June 2021 of the intention to update the regulations regarding the provision of information to passengers so that operators would in future also be required to inform passengers of the new obligations in relation to pre-departure testing. This information was provided to operators directly through established communication channels and via industry representative organisations.

Merits scrutiny point 4:

We can confirm that this update to the wording was made to enable 4 nations alignment, providing consistency to operators and passengers, whilst continuing to ask passengers to follow local public health guidance. This also ensures the advice will be relevant to travellers' ultimate destination in the UK, not just where they land, and that any changes to the detail of the public health advice can be captured at the relevant links rather than requiring the regulations to be updated with the latest advice.

Dear Huw

The Work of Audit Wales

Congratulations on your appointment as Chair of the Legislation, Justice and Constitution Committee. I wish you every success in your new role and at the start of a challenging five-year period for public services in Wales.

My remit as Auditor General for Wales means that I am the statutory external auditor of most of the Welsh public sector and responsible for the audit of most of the public money spent in Wales. In September, I am planning to publish a series of 'Picture of Public Services' outputs. These will provide our take on the key financial and wider challenges facing public services over the coming years and will set out some of the key areas of public service delivery where I will be expecting public services to demonstrate progress. I hope that the outputs from this work will be of interest to all Members of the Senedd and that they will provide a useful point of reference for their future work.

I am expecting that the work of Audit Wales will continue to play a key role supporting the work of the new Public Accounts and Public Administration Committee (PAPAC), with PAPAC remaining our primary audience. However, I am also keen that Audit Wales uses its unique perspective and expertise to support the work of other Senedd

committees where we have relevant audit intelligence to bring to bear. We would therefore welcome the opportunity to be included on any wider consultations that your Committee runs. I am also anticipating that there will continue to be occasions where committees other than PAPAC might take the lead in scrutinising issues raised by my reports, where these are relevant and timely in the context of their own scrutiny work.

We have just recently published our latest [Annual Report and Accounts](#), which tells the story of our work during 2020-21 and links to some of our major outputs. Our Annual Report also summarises work in progress or planned to start later this year and we will be sharing further details with committee clerking teams over the summer. The Committee may also be interested in the report we published in September 2020 on [Better Law Making: the implementation challenge](#), which drew on findings from some of our previous work.

If you or your Committee members would like to find out more about the work of Audit Wales, then please do not hesitate to get in touch. If Members have specific concerns about the use of public money, then we are always open to receiving correspondence. Members can either contact me directly or they can do so via our Audit Wales address info@audit.wales. Further details about how we handle such correspondence are available on our website: [Raising a concern | Audit Wales](#).

I very much look forward to working with you over the next five years.

Best wishes,

ADRIAN CROMPTON
Auditor General for Wales
