5 Member Debate under Standing Order 11.21(iv) – Support for babies and new parents during Covid-19

(60 mins)

NDM7462 [Lynne Neagle \(Torfaen\)](#)

To propose that the Senedd:

1. Recognises that the evidence is unequivocal that the first 1,000 days of a child's life, from pregnancy to age two, lay the foundations for a happy and healthy life and that the support and wellbeing of babies during this time is strongly linked to better outcomes later in life, including educational achievement, progress at work and better physical and mental health.
2. Notes that since the outbreak of COVID-19 and the subsequent lockdown and social distancing measures, a growing body of research indicates parents are facing unprecedented pressures, heightened anxieties, and are at increased risk of developing mental health problems in the perinatal period.
3. Notes that the Babies in Lockdown 2020 survey showed that for 66 per cent of respondents from Wales, parental mental health was cited as a main concern during lockdown: only 26 per cent felt confident that they could find help for mental health if they needed it and 69 per cent of parents felt the changes brought on by COVID-19 were affecting their unborn baby, baby or young child.
4. Notes that the New Parents and COVID-19 2020 research found that over half of the 257 respondents who have given birth since lockdown felt that their birth experience was more difficult than expected due to the coronavirus restrictions, more than 60 per cent not receiving any form of post-natal check-up and almost a quarter wanting perinatal mental health support..
5. Calls on the Welsh Government to ensure services and support for families during pregnancy and the perinatal period are prioritised and that the midwifery,

health visiting and perinatal mental health workforce is protected from redeployment during the pandemic.

6. Calls on the Welsh Government to proactively work with health boards to ensure women can be safely supported by their partners during hospital visits during pregnancy.

7. Calls on the Welsh Government to provide additional ring-fenced investment for perinatal mental health services and voluntary services to cope with the increase in demand because of COVID-19.

Proposal under Standing Order 12.24 to debate items 7-8 together but with separate votes:

(60 mins)

7 Debate: New Coronavirus Restrictions

NDM7501 [Rebecca Evans \(Gower\)](#)

To propose that the Senedd:

Notes:

a) the increase in the seven-day rolling incidence rate of coronavirus cases across Wales;

b) the statement by the First Minister on 1 December which set out new national measures to protect public health and reduce the spread of coronavirus; and

c) the £340m package of business support to be made available through the Economic Resilience Fund to support businesses affected by the new national measures.

The following amendments were tabled:

In accordance with Standing Order 12.23 (iii), amendment 1 tabled to the motion was not selected.

Amendment 2 [Darren Millar \(Clwyd West\)](#)

Add as new point at end of motion:

Does not believe that a Wales-wide approach is proportionate given that COVID-19 is circulating at different rates in different parts of the country.

Amendment 3 [Darren Millar \(Clwyd West\)](#)

Add as new point at end of motion:

Believes that there is insufficient evidence to demonstrate that the Welsh Government's current restrictions on the sale of alcohol in public houses, cafes and restaurants are proportionate.

Amendment 4 [Darren Millar \(Clwyd West\)](#)

Add as new point at end of motion:

Believes that the financial support available to businesses affected by the restrictions is insufficient, especially when firms have spent vast sums on ensuring their premises are COVID secure for staff and customers.

Amendment 5 [Darren Millar \(Clwyd West\)](#)

Add as new point at end of motion:

Calls upon the Welsh Government to publish the evidence on which it based its decision to close indoor entertainment venues.

Amendment 6 [Darren Millar \(Clwyd West\)](#)

Add as new point at end of motion:

Further calls upon the Welsh Government to make sufficient financial support available to businesses in a timely manner.

In accordance with Standing Order 12.23 (iii), amendments 7, 8 and 9 tabled to the motion were not selected.

Amendment 10 [Caroline Jones \(South Wales West\)](#)

Add as new point at end of motion:

Regrets:

a) that the Welsh Government has pursued a course of action based on very limited evidence of the situation in Wales;

b) that the restrictions will have a very limited impact upon infection rates in Wales;

c) that these restrictions will have a lasting impact on jobs and livelihoods and will cause lasting damage to the hospitality sector in Wales.

Amendment 11 [Sian Gwenllian \(Arfon\)](#)

Add as new point at end of motion:

Agrees that, whilst hospitality venues can remain open, they should not be subject to a complete ban on the sale of alcohol as currently set out in regulations which came into force on 4 December.

Amendment 12 [Sian Gwenllian \(Arfon\)](#)

Add as new point at end of motion:

Agrees that the cut-off time on the sale of alcohol in supermarkets and off-licences should be consistent with the cut-off time imposed on hospitality venues.

Amendment 13 [Sian Gwenllian \(Arfon\)](#)

Add as new point at end of motion:

Agrees that hospitality venues should be allowed to stay open until 8pm.

Amendment 14 [Sian Gwenllian \(Arfon\)](#)

Add as new point at end of motion:

Calls on the Welsh Government to outline:

- a) the specific objectives it hopes the new national restrictions outlined in the First Minister's statement to the Senedd on 1 December will achieve; and
- b) what the threshold will be for relaxing those measures.

Amendment 15 [Sian Gwenllian \(Arfon\)](#)

Add as new point at end of motion:

Agrees that the latest Welsh Government technical advisory cell advice, together with all data supporting the policy decisions taken, should be published alongside or prior to any announcement on further national coronavirus restrictions.

Amendment 16 [Sian Gwenllian \(Arfon\)](#)

Add as new point at end of motion:

Agrees that the Welsh Government should adopt a presumption in favour of holding a meaningful vote in the Senedd to precede the coming into effect of any further national coronavirus restrictions of the magnitude outlined in the First Minister's statement to the Senedd on 1 December.

Amendment 17 [Sian Gwenllian \(Arfon\)](#)

Add as new point at end of motion:

Calls on the Welsh Government to afford the opportunity for opposition parties to make reasonable requests for independent modelling by the technical advisory cell on alternative proposals in relation to matters such as the closure of the hospitality sector and other non-pharmaceutical interventions.

2. Regrets the adverse impact of the restrictions on Welsh businesses and jobs.
3. Calls upon the Welsh Government to:
 - a) suspend the restrictions with immediate effect; and
