1. Recognises the responsibility of the Welsh Government in ensuring the provision of high-quality services that meet the diverse needs of all children in Wales.

6. Short Debate (30 mins)

NDM5067 Jenny Rathbone (Cardiff Central)

Improving Dementia Care- developing seamless services

The increasing incidence of dementia requires a critical re-think of services as well as attitudes. Earlier diagnosis and assessment can keep people out of hospital and enables them to shape arrangements for their long term care. People need services which are multi-disciplinary, flexible and cost effective to support them as their needs change.

The Assembly will sit again in Plenary at 13:30, Tuesday, 23 October 2012
