3 Topical Questions (20 mins)

To be answered by the Minister for Economy

[Jayne Bryant \(Newport West\)](#): Will the Minister make a statement in response to the announcement that Tuffnells parcel firm has gone into administration?

[Luke Fletcher \(South Wales West\)](#): What is the Welsh Government doing to improve economic outcomes in Wales, following the publication of the June ONS statistics which show a pattern of decline in Welsh employment rates and economic activity?

4 90 Second Statements

(5 mins)

5 Member Debate under Standing Order 11.21(iv) – Warm this Winter campaign

(60 mins)

NDM8275 [Hefin David \(Caerphilly\)](#)

To propose that the Senedd:

1. Notes that Wales and the rest of the United Kingdom are in the grips of multiple crises, namely the cost-of-living crisis, energy crisis, and the climate and nature emergencies, and that the Warm this Winter campaign recognises that these crises are connected and intertwined, and that they have shared causes and shared solutions.
2. Notes that the Warm this Winter campaign in Wales is calling for emergency support for the most vulnerable.
3. Notes that the Welsh Government has put investment in place to support vulnerable households last winter, that they have announced a new public energy company for Wales, and additional energy efficiency schemes for our homes, but that more needs to be done.
4. Calls on the Welsh Government to work to implement solutions for a genuine pathway out of the cost-of-living crisis, by recognising that there are key steps to addressing energy security and the climate crisis – like a rapid scale up of energy efficiency and rolling out community energy all over Wales.
5. Calls on the Welsh Government to raise concerns with the UK Government on the cost of energy, and the need to ensure that there are UK support schemes in place to ensure that people are warm this winter, and every winter to come.

6 Debate on Children, Young People and Education Committee report – Mental Health support in Higher Education

(60 mins)

NDM8292 [Jayne Bryant \(Newport West\)](#)

To propose that the Senedd:

Notes the report of the Children, Young People and Education Committee ‘Mental Health support in Higher Education’ which was [laid](#) in the Table Office on 29 March 2023.

Note: The response of the Welsh Government to the report was [laid](#) in the Table Office on 7 June 2023.

7 Welsh Conservatives Debate – Additional learning needs

(60 mins)

NDM8294 [Darren Millar \(Clwyd West\)](#)

To propose that the Senedd:

1. Notes that:

- a) the number of children and young people receiving additional learning (ALN) needs support has decreased since the introduction of additional learning needs reforms last year;
- b) delays and challenges in the rollout of ALN reforms are causing a postcode lottery in access to ALN support for learners across Wales; and
- c) research by the National Association of Head Teachers Cymru found that 94 per cent of school leaders reported that funding to cover all aspects of the new ALN legislation is not sufficient.

2. Calls on the Welsh Government to:

- a) undertake an urgent review of the implementation of ALN reforms;
- b) take urgent action to ensure that children with ALN are identified and provided with access to support sooner; and
- c) provide additional financial support directly to Welsh schools to ensure that learners with ALN are able to access the support they need.

The following amendments were tabled:

Amendment 1 [Lesley Griffiths \(Wrexham\)](#)

Delete point 1 and replace with:

Notes that:

Estyn finds that ALN implementation is making steady progress and changes are generally welcomed.

research finds that the Curriculum for Wales and ALN code are promoting a focus on equity and inclusivity for all learners.

the ALN implementation period has been extended to ensure that families receive the best support possible, and implementation funding increased to help plan for meeting individual learner need.

[Research with schools on the early implementation of Curriculum for Wales: Wave 1 report](#)

If amendment 1 is agreed, amendment 2 will be de-selected.

Amendment 2 [Sian Gwenllian \(Arfon\)](#)

Insert at end of sub-point 1(b):

with a particular shortage of Welsh-language provision.

Amendment 3 [Sian Gwenllian \(Arfon\)](#)

Insert as new sub-point at end of point 2:

take immediate action to alleviate concerns from Welsh-medium providers regarding the availability of Welsh language resources to support ALN work, and ensure all resources are published bilingually
