(60 mins)

NDM8355 [Heledd Fychan \(South Wales Central\)](#)

To propose that the Senedd:

1. Notes that the outcome of the latest UK auction for offshore wind means there will be no new offshore wind farms developed in Wales for the foreseeable future.
2. Notes that the independent UK-wide Climate Change Committee's latest report on the progress of the Welsh Government's decarbonisation agenda concludes that Wales is currently not on track to meet its Net Zero goals by 2050.
3. Notes that a UN report on the Paris Agreement stresses the need for fossil fuel emissions to peak by no later than 2025 to ensure that global warming is limited to 1.5 degrees above pre-industrial levels.
4. Believes that Wales has the potential to be a powerhouse for clean and renewable energy.
5. Believes that this potential is currently being squandered as a result of the policy approaches of the UK and Welsh Governments.
6. Calls on the Welsh Government to develop a new green industrial strategy for Wales to realise its economic potential in green energy and to ensure that progress towards its Net Zero goals is accelerated.

4. Calls on the Welsh Government to:
 - a) respond urgently to the recommendations in the Climate Change Committee's latest Wales progress report, including to produce plans to deliver a 10% reduction in car-km per person by 2030, to set out a decarbonisation pathway for agriculture, and to accelerate rates of tree planting by removing non-financial barriers.
 - b) ensure that Ynni Cymru enables communities to play a pivotal role in making Wales a powerhouse for clean and renewable energy.
 - c) ensure that Trydan Gwyrdd Cymru helps to maximise the economic benefits to Wales of the energy transition by delivering income to the public purse and stimulating Welsh supply chains.
5. Agrees with the findings of the recent UN report on the Technical Dialogue of the first Global Stocktake on the implementation of the Paris Agreement that the worst impacts of climate change can be avoided if all nations follow bold targets with tough action to deliver them.

Emergency Question

To ask the Minister for Climate Change

8 Voting Time

9 Short Debate – Withdrawn

(0 mins)

NDM8353 [Laura Anne Jones \(South Wales East\)](#)

No more devolution: Wales has gone into reverse under Welsh Labour, the impact of the Welsh Government has been woefully unimpressive, and there should be no further powers devolved.

The Senedd will sit again in Plenary at 13.30, Tuesday, 26 September 2023
