(60 mins)

NDM8447 [Darren Millar \(Clwyd West\)](#)

To propose that the Senedd:

1. Notes the 2022 Programme for International Student Assessment (PISA) results, published on 5 December 2023.

2. Regrets that:

a) Wales's performance has fallen to its lowest level ever in maths, reading and science tests taken by 15-year olds;

b) Wales's results were the lowest of all UK nations, for the fifth consecutive time; and

c) Wales's results were lower than the OECD average.

3. Calls on the Welsh Government to:

- a) prioritise children's education by getting 5,000 more teachers back into classrooms;
- b) ensure those with additional learning needs are provided with the right support sooner, with no cuts made to additional learning needs in the 2024–25 budget;
- c) reintroduce a form of standardised testing across schools and local authorities to help parents and teachers monitor learner progress at key stages and compare performance;
- d) develop an enhanced programme for more able and talented learners; and
- e) scrap the regional education consortia and invest savings made into school budgets.

[PISA 2022 results](#)

The following amendments were tabled:

Amendment 1 [Lesley Griffiths \(Wrexham\)](#)

Delete all after point 1 and replace with:

Notes that the pandemic impacted on PISA scores across the world.

Recognises that Wales saw improvement in literacy and numeracy in PISA 2018, however that progress has declined since the pandemic.

Welcomes:

- a) the launch of literacy and numeracy plans to raise standards in these key areas;
- b) funding to support learners with Additional Learning Needs has significantly increased over recent years and has been protected in the draft budget;
- c) that online Personalised Assessments are used in schools across Wales to support teaching and learning, and data from the assessments will be published annually to track progress; and
- d) the establishment of a National Attendance Taskforce to support schools in improving attendance rates.

[Welsh Government Draft Budget 2024–25](#)

If amendment 1 is agreed, amendment 2 will be de-selected.

Amendment 2 [Heledd Fychan \(South Wales Central\)](#)

Delete point 3 and replace with:

Calls on the Welsh Government to:

- a) prioritise the recruitment and retention of teachers and teaching assistants, in light of EWC data that shows that 16% of schoolteachers intend to leave the profession within the next 3 years and around 40% of learning support staff intend to leave in the first 5 years;
- b) ensure those with additional learning needs are provided with the right support sooner, including through the medium of Welsh, with no cuts made to additional learning needs in the 2024–25 budget;
- c) launch a rapid review to tackle education inequality in Wales, reporting and implementing a set of meaningful recommendations.

7 Plaid Cymru Debate – Child poverty and educational attainment

(60 mins)

NDM8445 [Heledd Fychan \(South Wales Central\)](#)

To propose that the Senedd:

1. Notes that 28 per cent of children in Wales are living in poverty.
2. Notes the correlation between child poverty and the education attainment gap.
3. Notes the latest PISA results and national report which showed that 11 per cent of learners in Wales had missed a meal because of poverty.
4. Calls on the Welsh Government to:
 - a) extend the provision of free school meals to years 7 to 11 for those households in receipt of Universal Credit, without a cap on earnings; and
 - b) implement statutory targets in the final Child Poverty Strategy to contribute to closing the attainment gap and improving education outcomes.

The following amendments were tabled:

Amendment 1 [Lesley Griffiths \(Wrexham\)](#)

Delete point 4 and replace with:

Believes high quality teaching and learning is the most important school-based factor in tackling the impact of poverty on attainment.

Welcomes:

- a) a sharper focus in Initial Teacher Training on the range of approaches to teaching and learning that are needed to tackle the impact of poverty on learner experiences and outcomes.
- b) the protection in the draft budget of the Pupil Development Grant and new guidance to support schools to better target this funding.
- c) the work undertaken by the Welsh Government's Attainment Champions in sharing their experiences of tackling the impacts of poverty on attainment, and the intention to build on this.
- d) the role Community Focused Schools can play in supporting parents and families to become engaged in children's learning, and to develop the home learning environment.
- e) programmes such as Schools Essentials and the School Holiday Enrichment Programme that provide invaluable support to reduce the cost of living for families.

Notes that the PISA results found education in Wales to be more equitable than the OECD average and other UK countries, with the attainment gap between more disadvantaged learners and less disadvantaged learners smaller.
