The following amendments were tabled:

Amendment 1 [Jane Hutt \(Vale of Glamorgan\)](#)

Delete all after point 1 and replace with:

Regrets that there continues to be issues assessing labour market performance in Wales due to the concerns regarding the quality of the Labour Force Survey (LFS).

Recognises that LFS data for Wales are among the lowest quality of all UK countries and English regions;

Agrees that the best way of understanding the Welsh labour market is to consider longer term trends across a basket of indicators, which includes alternative sources such as the Annual Population Survey, HMRC real time information on paid employees, data on workforce jobs, and the claimant count.

Further notes that in 2024, Welsh wage packets for full-time adults working in Wales were higher than the North East of England, East Midlands, Northern Ireland, Yorkshire and the Humber.

Welcomes that the Welsh Government will create more jobs in Wales and boost growth by:

- a) continuing to provide packages of additional support for non-domestic rates worth £134 million this year and £85 million next year in addition to permanent relief schemes worth £250 million annually and the considerable additional support provided to businesses and other ratepayers over recent years;
- b) securing inward investment and increasing the number of jobs here in Wales;
- c) working with the UK Government to restore decision-making on post-2026 regional investment to the Welsh Government, and developing a new investment programme with partners across Wales to follow the closure of legacy programmes like the Shared Prosperity Fund in 2026; and
- d) working with the UK Government in developing the Industrial Strategy.

Amendment 2 [Heledd Fychan \(South Wales Central\)](#)

Add as new points at end of motion:

Regrets that the Welsh economy has suffered from a lack of investment and unfair funding model under previous and current UK Governments.

Calls on the UK Government to return decision-making powers over post-Brexit funding back to the Senedd.

Amendment 3 [Heledd Fychan \(South Wales Central\)](#)

Add as a new point at end of motion:

Further calls on the Welsh Government to:

- a) follow the OECD's recommendation to establish an arm's length agency to promote economic development;
- b) adopt new and effective targets to drive sustainable economic development in Wales;
- c) implement a national skills audit, mapping the needs of the Welsh economy for the future and matching them with investment in a strategy for skills and training; and
- d) review and renew the Young Person's Guarantee, ensuring that all young people have genuine access to work, training or valuable opportunities for skills development.

8 Plaid Cymru Debate – Brexit and the future relationship with the EU

(60 mins)

NDM8804 [Heledd Fychan \(South Wales Central\)](#)

To propose that the Senedd:

1. Notes that 31 January 2025 will mark five years since the United Kingdom formally left the European Union.

2. Regrets:

a) that according to the Economic Cost of Brexit project, the hard Brexit pursued by the previous UK Government has cost the Welsh economy up to £4 billion;

b) that Brexit has reduced the value of Welsh exports by up to £1.1 billion, and that post-Brexit trade deals have been particularly unfavourable for Welsh agriculture and manufacturing;

c) the further loss to Wales of up to £1 billion in European structural and rural development funding as a result of Brexit;

d) the opportunities to work, travel, study and live in Europe that have been lost to people in Wales as a result of Brexit, particularly young people;

e) that the current UK Government has failed to address the issues caused by Brexit for Wales and the wider UK, and has signalled its opposition to rejoining the single market and customs union; and

f) the repeal of the Law Derived from the EU (Wales) Act 2018.

3. Calls on the Welsh Government to:

a) introduce new legislation to facilitate dynamic alignment between Welsh and EU law;

b) develop and adopt a comprehensive European strategy; and

c) urge the UK Government to seek to rejoin the EU's single market and customs union.

The following amendments were tabled:

Amendment 1 [Paul Davies \(Preseli Pembrokeshire\)](#)

1. Notes that the people of Wales voted to leave the European Union in the referendum held on the 23 June 2016.

2. Believes that the outcome of referendums should be respected and implemented.

3. Further notes that the 31 January 2025 will mark five years since the United Kingdom formally left the European Union.
