## **8 Plaid Cymru Debate – Rail infrastructure funding**

(60 mins)

**NDM8852** [Heledd Fychan \(South Wales Central\)](#)

To propose that the Senedd:

1. Notes that:

a) the UK Secretary of State for Transport's acknowledgement in correspondence with the Welsh Government that Wales's rail infrastructure has suffered from historically low levels of enhancement spending over many years;

- b) this systematic underfunding is in addition to the withholding of HS2 consequential; and
- c) the Welsh Government's analysis from 2020 that relative to its share of UK population and route length of the rail network, Wales will face a shortfall of between £2.4 billion and £5.1 billion in rail enhancement funding on the basis of UK Government commitments over the period 2019 to 2029.

## 2. Regrets:

- a) the reports that the UK Chancellor intends to freeze spending on major new rail projects until after the next UK election, which would further entrench the systematic underfunding of Welsh rail for at least another four years; and
- b) that previous UK Government pledges on rail infrastructure, which were in themselves insufficient to make up for historic underfunding, such as the pledge to electrify the north Wales mainline, have failed to materialise.

## 3. Calls on the Welsh Government to:

- a) provide updated figures on the shortfall in rail enhancement investment in Wales;
- b) confirm its position that HS2 should be redesignated as an England-only project and that Wales should receive the resultant consequential in line with figures quoted by current UK Government Ministers when in opposition; and
- c) write to the UK Secretary of State for Transport to ask for the full consequential to be made available to Wales and reversal of low levels of enhancement spending.

## The following amendments were tabled:

### Amendment 1 [Jane Hutt \(Vale of Glamorgan\)](#)

Delete all and replace with:

To propose that the Senedd:

#### 1. Welcomes:

- a) that the UK Government has acknowledged the historic low levels of spending on railways in Wales; and

b) the endorsement by the UK Government of a pipeline of rail enhancement priorities identified by the Wales Rail Board.

2. Notes that the Welsh Government is seeking to secure:

a) funding for an ambitious pipeline of rail enhancements, starting with the delivery of the recommendations of the North Wales and South East Wales Transport Commissions;

b) a review of Network Rail investment processes to ensure Wales receives a fair share of future Network Rail investment;

c) funding for Core Valley Lines rail enhancements; and

d) an appropriate level of comparability with relevant UK Government programmes in the Barnett formula, recognising that responsibility for this part of the rail network in Wales is now devolved.

**If amendment 1 is agreed, amendment 2 will be de-selected.**

**Amendment 2** [Paul Davies \(Preseli Pembrokeshire\)](#)

In point 2, delete sub-point b)

## **9 Voting Time**
