**7 Plaid Cymru Debate (60 mins)**  
**NDM5643 Elin Jones (Ceredigion)**

To propose that the National Assembly for Wales:

1. Recognises the importance of increasing trade between Wales and the United

States of America;

2. Believes that public services, including the National Health Service, should be exempt from the effects of the Transatlantic Trade and Investment Partnership (TTIP);
3. Believes that the TTIP must not be allowed to prevent democratic governments from organising any other services on a publicly owned basis;
4. Opposes the inclusion of the investor–state dispute settlement in the agreement;
5. Calls on the Welsh Government to make representations to the UK Government to:
  - a) exempt public services, including the National Health Service, from the TTIP; and
  - b) reject TTIP if the final agreement, when presented for ratification, undermines the decision–making powers of democratic governments.

**The following amendments have been tabled:**

**Amendment 1 – Paul Davies (Preseli Pembrokeshire)**

Delete all and replace with:

1. Recognises the importance of international trade and commerce agreements, such as the Transatlantic Trade and Investment Partnership (TTIP), in creating a better economic future for the people of Wales;
2. Believes that governments should be conscious of the importance of national institutions, such as the NHS, when agreeing the TTIP; and
3. Notes the precedent of existing trade partnerships which have included safeguards excluding key public services from such agreements.

*[If amendment 1 is agreed, amendment 2 will be de–selected]*

**Amendment 2 – Aled Roberts (North Wales)**

Delete points 2 to 5 and replace with:

2. Welcomes trade and investment negotiations between the EU and the USA which could be worth up to £10 billion extra to the UK economy each year;

3. Welcomes the European Commissioner for Trade Karel de Gucht's comments to the International Business Times, who stated: "There will be an exemption for public services [in the TTIP], we've made that very clear in our discussions with the US. That would cover the NHS...";

4. Welcomes that the investor–state dispute settlement will not apply to public security, safety or health legislation of member states; and

5. Welcomes that the European Commission suspended the investor–state dispute settlement aspect of the treaty negotiations for further consultation.
