To propose that the National Assembly for Wales:

1. Believes that good social care services play an essential role in keeping the NHS sustainable.

2. Notes that unpaid carers make a critical and unappreciated contribution towards ensuring the sustainability of health and social care and regrets the fall in the number of nights of respite care provided since 2011.

3. Believes that community hospitals could play a vital role in providing respite care, and in easing the transition back to community health settings for those who have required hospital settings.

4. Calls on the Welsh Government to reverse the practice of closing community hospitals and explore ways of restoring the availability of beds for use by both health and social care services.

**The following amendments have been tabled:**

**Amendment 1. [Jane Hutt \(Vale of Glamorgan\)](#)**

Delete all after point 1 and replace with:

Believes respite care should be flexible and can take place in a wide variety of settings, including at home and in the wider community.

Notes that community hospitals are one of several settings which can play a role in providing both respite care and step up/step down care.

Welcomes:

a) the Welsh Government's commitment to develop a national approach to respite to ensure that respite is responsive to individuals' needs in a consistent manner across Wales;

b) the investment in extra care services made possible through the £60m Intermediate Care Fund in 2017–18; and

c) the new £40m fund announced in the 2017–18 Budget to develop new integrated health and social care centres across Wales.
