7 Debate: The Affordable Housing Supply Review

(60 mins)

NDM6764 – [Julie James \(Swansea West\)](#)

To propose that the National Assembly for Wales:

1. Recognises the importance of increasing the supply of affordable homes in Wales; and the Welsh Government's commitment to doing so through its ambitious target of building 20,000 affordable homes during this term of Government – towards which good progress is being made
2. Recognises the Welsh Government is laying the groundwork for the prospect of building more affordable housing in the future, in response to a range of housing needs
3. Notes that the Welsh Government is working to create the conditions which drive innovation and improvements in terms of design, quality and energy efficiency in housing provision
4. Notes the scope and agreed work streams of the affordable housing review.

The scope and agreed workstreams of the Affordable Housing Review were emailed to Members on 3 July 2018.

The following amendments have been tabled:

Amendment 1 – [Paul Davies \(Preseli Pembrokeshire\)](#)

Delete all and replace with:

To propose that the National Assembly for Wales:

1. Recognises the importance of increasing the supply of affordable homes in Wales.
2. Notes the scope and agreed work streams of the affordable housing review.
3. Recognises the robustness of the late Professor Holman's alternative projection, 'Future Need and Demand for Housing in Wales', as a basis for predicting housing need.
4. Calls on the Welsh Government to replicate the ambition of Welsh housing associations, who are aiming to double their current rate of new house building to achieve 75,000 new affordable homes in Wales by 2036.

[If amendment 1 is agreed, amendments 2, 3, 4 and 5 will be de-selected]

Amendment 2 – [Caroline Jones \(South Wales West\)](#)

In point 1, delete “and the Welsh Government’s commitment to doing so through its ambitious target of building 20,000 affordable homes during this term of Government – towards which good progress is being made” and replace with “and regrets that fewer than 3,000 additional affordable homes have been delivered in each of the last six years for which statistics are available”.

[If amendment 2 is agreed, amendment 3 will be de-selected]

Amendment 3 – [Rhun ap Iorwerth \(Ynys Môn\)](#)

Delete 'ambitious' from point 1.

Amendment 4 – [Rhun ap Iorwerth \(Ynys Môn\)](#)

Delete all after point 1 and replace with:

Notes that independent advice and analysis has demonstrated that 20,000 affordable homes over the course of this Assembly term will not meet current or future needs.

Calls on the Welsh Government to have a long-term plan for increasing the amount of affordable housing to meet the needs of local communities throughout Wales, recognising that this can be achieved in different ways.

Calls on all new social and council housing, where possible, to have solar panels installed, to ensure that tenants can benefit from lower energy bills.

Regrets that the number of empty homes in Wales has increased over recent years, despite the Welsh Government's Houses into Homes scheme.

Notes the scope and agreed work streams of the affordable housing review.

Calls on the affordable housing review to examine the wider context of access to public services in new estates, noting that poor access to public services can significantly increase costs faced by people living in such estates, particularly those on a low income.

Calls on the review to include tenants groups and those in the private rented sector, so that they can inform the future social and rented housing landscape in Wales.

[If amendment 4 is agreed, amendment 5 will be de-selected]

Amendment 5 – [Caroline Jones \(South Wales West\)](#)

Insert as new point after point 3 and renumber accordingly:

Calls for the Welsh Government to accelerate the construction of modular housing in order to deliver additional affordable housing units at pace.
