2. Recognises that there are benefits as well as challenges arising from the United Kingdom's departure from the European Union.
3. Believes that the challenges may include a significant threat to the future of the United Kingdom itself; that therefore significant reform to the constitution is needed to fully embed devolution; and that the negotiation of Free Trade Agreements with the EU and other countries, without the meaningful involvement of the devolved administrations could risk undermining the devolution settlement; and regrets that this was not recognised by the UK Government during the passage of the EU (Withdrawal Agreement) Act in the UK Parliament.
4. Supports the 20-point plan put forward by the Welsh Government in 'Reforming our Union' which will ensure that devolution becomes an established part of the constitution once the UK leaves the EU.

5. Calls upon the Welsh Government to continue to engage positively with the UK Government and to speak up for the interests of Wales as the United Kingdom leaves the European Union.
