Answers from XXXXXXXX XXXX age 7 (year 2) with permission from and typed
by her mum (XXXXXXXX XXXX)

- We want to hear what's changed in your life. What do you miss most about school? If you are still going to school, how is it different to before? What's it like being at home more?

School at home and no horse riding lessons. I miss my maths book. It's weird being at home doing school work

- We also want to understand how you feel inside. Are you tired, scared, worried or confused? Who do you talk to about these feelings?

I talk to mummy and I'm feeling a bit scared of the virus

- How do you feel in your body? Are you doing exercise, like PE with Joe Wicks? Do you get to go outside much?

I don't get to go out of the garden because my brother has a heart condition so we need to protect him. I do either Joe Wicks or Cosmic kids yoga every day and play in the garden lots.

- It's nice to carry on learning even though schools are closed. Are you doing schoolwork at home? What sort of things are you learning about and are there adults helping you?

Yes I'm doing school work, mummy helps me and we are doing lots of maths, reading and VCOP sentences at the moment

- Do you think grown-ups are listening to your views and feelings at the moment?

Yes mummy and daddy are.

- It's important to know what's happening in times like this. Where do you get information at the moment - the internet, teachers, friends, parents or somewhere else?

Mummy, daddy and school

- Some of us have extra help at school or outside school. Are you still able to get this help now that you're at home?

My younger brother (Reception) and me don't need extra help in school; my big brother does (year 7) but doesn't have a 1-2-1 at home just mummy helping us all

I hope this helps; I wrote pretty much exactly her answers as she said them.

Regards

Kath Shaw
