Dear Mr Albert

Historic Wales

The Culture, Welsh Language and Communications Committee has received a wide range of correspondence expressing concern about the possible implications for National Museum Wales of the establishment of Historic Wales.

As a result, the Committee took evidence from Mr David Anderson, the Director General of the National Museum and I subsequently wrote to the Cabinet Secretary for the Economy and Infrastructure, Ken Skates AM.

The Committee considered the Cabinet Secretary's response and agreed that it would be best to return to this matter once the Steering Group you are chairing has concluded its work.

I have, therefore, written to the Cabinet Secretary to ask him to let me know as soon as the Steering Group has reported to him and the report is available. Once the report is available, I would be grateful if you and the Cabinet Secretary could attend a meeting of the Committee to answer Members' questions about the report and its recommendations.

I look forward to your response. I am copying this to the Cabinet Secretary to whom I have written in similar terms.

Yours sincerely

Bethan Jenkins AM
