14 October 2021

Dear Peredur,

I would like to take this opportunity to update the Committee on the recent allocations which I have been making from the Welsh Government's Covid Reserve.

Annex 1 provides details of the latest areas set to receive support together with the allocations which have previously been made as part of the Draft, Final and Supplementary Budgets for 2021-22. The next Supplementary Budget will be used to formalise the transfers from reserves.

We have recently received confirmation of additional consequentials being transferred to Wales. The amounts are up to £320 million resulting from increases to NHS budgets in England, and on the 30 September the UK Government announced their Household Support Fund which has resulted in a further consequential of up to £25 million. The precise amounts will be confirmed later this financial year as part of the Supplementary Estimate process. This delay in confirming precise amounts demonstrates some of the uncertainty which I outlined to the Finance Committee on the 29 September. It should also be noted that the picture on consequentials does change regularly due to various UK Government announcements which we are not always given advance warning of.

Over the coming months we will continue to monitor expenditure and emerging pressures as part of our normal budget monitoring processes and make additional allocations to budgets as necessary. I will provide further updates to the Committee should further significant allocations be made prior to the next Supplementary Budget.
