Dear colleague

### Health and Social Care Committee strategy for the Sixth Senedd

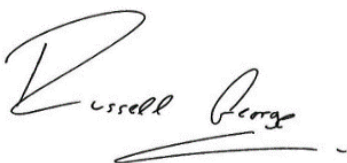

Thank you for your response to the Health and Social Care Committee's consultation on priorities for the Sixth Senedd. Following careful consideration of the 139 responses we received and other evidence we have taken throughout the autumn, we have now published our strategy for the Sixth Senedd. A summary of our strategy is enclosed, and the full document is available on our webpage.

The strategy sets out our ambitious vision for health and social care over the next five years, and how we will work together as a Committee. It also identifies cross-cutting themes that we intend to embed across our work, our priorities for the first year of the Sixth Senedd, and potential priority issues for the subsequent four years.

Our strategy will guide and shape our work, but it will not constrain our ability to be flexible or responsive to emerging issues, not least as Wales continues to respond to the challenges of the COVID-19 pandemic.

On behalf of the Health and Social Care Committee, I would like to take this opportunity to thank you for your contribution, and to invite your continued interest in our work.

Yours faithfully

Russell George MS

Chair, Health and Social Care Committee
