

Baroness Hayter of Kentish Town
Chair, House of Lords International Agreements
Committee

11 January 2022

Dear Lady Hayter

International agreements

During our meeting on 13 December 2021 we considered three international agreements, and agreed to note all three for information only.

You may wish to be aware that the section on devolution ordinarily included in explanatory memoranda to international agreements is missing from the UK/Ukraine Official Credit Support for the Development of the Capabilities of the Ukrainian Navy agreement. Therefore, there is no information available on whether the Welsh Government was consulted in the drafting of this agreement and neither is there clarity on the UK Government's view on devolved legislative competence.

Our latest report is enclosed for your information.

Yours sincerely,

Huw Irranca-Davies
Chair
