Dear Darren

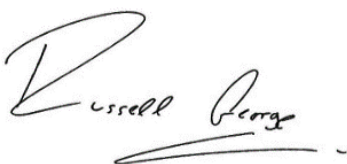

Waiting times backlog

You may be aware that the Health and Social Care Committee is currently calling for written evidence on our [inquiry into the impact of the waiting times backlog on people in Wales who are waiting for diagnosis or treatment](#). In addition to any other matters you would like to raise on the issues within the terms of reference, we would particularly welcome information about:

1. Whether health boards in Wales have undertaken, or plan to undertake, local, national or regional surveys of patients similar to the [national survey](#) being undertaken in England by Healthwatch.
2. If any such surveys have been undertaken, or are planned, whether the findings and any resulting action plans will be published.

I would be grateful if you could respond **by Thursday 13 January 2022**.

Yours sincerely

Russell George MS
Chair, Health and Social Care Committee
