Dear Tracey and Helen

### Waiting times backlog

You may be aware that the Health and Social Care Committee is currently calling for written evidence on our [inquiry into the impact of the waiting times backlog on people in Wales who are waiting for diagnosis or treatment](#). In addition to any other matters you would like to raise on the issues within the terms of reference, we would particularly welcome information about any plans you have for:

1. The development and publication of a waiting times dashboard or similar tool.
2. Any other measures that would either help to manage the waiting times backlog, or improve communication with, or the information available to, people who are currently waiting for diagnosis or treatment.

I would be grateful if you could respond **by Thursday 13 January 2022**.

Yours sincerely

Russell George MS  
Chair, Health and Social Care Committee
