

Judith Paget  
Director General Health/NHS Chief Executive Welsh  
Government

15 February 2022

Dear Judith

**Follow-Up to evidence session held on 17 November 2021**

Thank you for your comprehensive response of 31 January, which the Committee considered on 9 February.

We note the information on the ongoing recruitment and retention campaign being run by WeCare Wales, including the various mechanisms being used to promote this. However, information on the extent of the impact of the campaign seems limited and raised questions in Committee about how its success can be properly judged. I would welcome your views on how this monitoring/evaluation will take place.

Thank you.

Regards

Mark Isherwood MS  
Committee Chair
