Annwyl Lywydd

The Environmental Protection (Single-use Plastic Products) (Wales) Bill

Thank you for your letter of 6 December regarding expedited scrutiny of the above Bill.

I also wish to draw your attention to the response we have received from Julie James MS, Minister for Climate Change which responds to our letter of 25 November 2022 and which we copied to you on the same date.

The letter does not adequately address the questions we raised and does not alleviate our concerns about the expedited scrutiny of this Bill.

We are due to meet this week to discuss the procedure for Statutory Instrument Consent Memoranda and I confirm that I would also like to raise the expedited scrutiny of Bills.

I am copying this letter to the Chair of the Climate Change, Environment and Infrastructure Committee.

Yours sincerely,

Huw Irranca-Davies  
Chair
