26 June 2023

Dear Llyr

I am writing to inform you that The Environmental Permitting (England and Wales) (Amendment) Regulations 2023 which will shortly be laid before the Senedd fall under the scope of the Resources and Waste Common Framework.

These regulations amend The Environmental Permitting (England and Wales) Regulations 2016, Schedule 9, Part 2, which set specific permit conditions for sampling and reporting that operators of Material Facilities (MFs) receiving 1,000 tonnes or more of mixed waste must comply with. The 2023 regulations will increase the scope of MFs that are required to sample and report their waste, extend the types of materials to be identified and measured and require MFs to report more information on suppliers and destinations of waste. This information will support the delivery of Extended Producer Responsibility for Packaging scheme (pEPR).

Yours sincerely,

**Julie James AS/MS**  
**Y Gweinidog Newid Hinsawdd**  
**Minister for Climate Change**
