Dear Jeremy

The public health approach to preventing gender-based violence

Thank you for giving evidence as part of our inquiry into the public health approach to gender-based violence (GBV).

Further to our session, we would be grateful if you could elaborate on the role of Estyn in monitoring GBV interventions in schools, including training for governors and staff.

As we are now at the end of our evidence gathering, we would be grateful to receive a response by 9 October if possible.

Yours sincerely

Jenny Rathbone MS
Chair, Equality and Social Justice Committee
