### SCME267 Ymateb gan: | Response from: Lynn and David Pearce

---

I object to every section of this proposed Bill

It's yet more huge unnecessary expense which appears to be little more than a way of providing politicians pals with more jobs at a time when the country is in such a financial mess.

Rural schools are closing, roads are disintegrating, our Health Service is simply not fit for purpose, our children are leaving Wales in droves to find a better future, all due apparently to lack of funding yet the Government can find hundreds of millions on this ridiculous expansion of an already bloated bureaucracy, not to mention the 20MPH farce that has made Wales a laughing stock!

What is worse, we the public have been asked for our views, even though the Government has absolutely no intention of listening to any of the responses it disagrees with.
