This is shocking.

How much more money is the Welsh government going to waste?

The taxes and revenues we pay are not being spent to make the Welsh people want to pay.

Us taxpayers should have the right to vote on these changes, and not purely to voice our opinions on the proposed changes.

STOP wasting money on lining your own pockets and securing yet more local government jobs. PUT the money back into communities, ensure local hospitals are well staffed as without healthy Welsh people there will be no one around to work and fund your jobs.

There is rationalisation of estates and streamlining working practices going on outside of Cardiff's ivory Tower. When is the Welsh Assembly going to start cost cutting exercises, to cut those draining public funds?

Please spend our taxes on the things that matter to US, the Welsh people. Show us how important we are to the Senedd and treat us with a bit of dignity and respect.
