SCME316 Ymateb gan: | Response from: Leighton Price

I am sending this email to object to increasing the amount of assembly members as the to the proposal for extra AM's to the Senedd. Not only would this be a waste of taxpayers money as it is already proven itself to being another cash cow that does not give value for taxpayers money as the current AM's are not subject to a recall from Taxpayers if taxpayers feel the AM's are not following the taxpayers wishes (the forced 20 mph onto our roads against the majority of the population's wishes sums it up amongst many other things).

The idea of the assembly was to make Wales great but unfortunately all it has achieved is make Wales a poorer place to live with increased expenditures and a failing NHS the rot needs to stop now and increasing the assembly to 96 members will only increase costs resulting in further loss of services already under extreme pressure from failings created by unaccountable members already in the positions.
