## Annex 1: Response to Finance Committee's report on the Elections and Elected Bodies (Wales) Bill

**Recommendation 1.** The Committee recommends that the Welsh Government commits to providing full and robust Regulatory Impact Assessments to accompany any relevant subordinate legislation made under this Bill.

**Accepted.** We have committed to this within the Regulatory Impact Assessment for the Bill.

**Recommendation 2.** The Committee recommends that the Minister provides further information on costs relating to changes to the Electoral Management Systems as they become clear; including details on how the cost effectiveness of individual pilots will be assessed.

**Accepted.** We will provide further information on costs as it becomes clear. A full and robust evaluation of all pilots will take place including the financial implications and the implications for EMS services. This will be a requirement of any pilot proposals presented to the Electoral Management Board and it will be required to report on the financial implications of proposed pilots in its evaluation.

**Recommendation 3.** The Committee recommends that the Minister updates the Committee on costs associated with work being undertaken to increase the accessibility of elections to disabled voters.

**Accepted.** We will set out further information in the Regulatory Impact Assessments accompanying the secondary legislation.

**Recommendation 4.** The Committee recommends that the Minister provides information on the outcomes of the research it intends to commission to promote diversity in persons seeking elected office including how that information is captured and collated; and how the Welsh Government intends using that information to make targeted interventions.

**Accepted.** We will provide the outcome of the research undertaken when it is completed. This will primarily focus on barriers to participation in local democracy because of socio-economic circumstances. In broader terms we will continue to work with others to identify barriers to participation for individuals within under-represented groups through engagement, lessons learned from existing initiatives and feedback through wider reports and studies. This approach will inform future interventions and initiatives targeted at barriers identified through this work.

**Recommendation 5.** The Committee believes that the introduction of an affordability assessment, such as the one provided in this Bill, serves as a good practice model for future legislation and we recommend that the Welsh Government continues with this new approach

**Accepted.** We are grateful for the Committee's comments.
