Please set out any views on missing children below.

You may wish to consider:

- Nature and scale of the issue and regional variations.
- At risk groups: including the impact of care experience and out of area placements.
- Practice: issues such as information sharing and data collection.
- Policy: the effectiveness of devolved policy and practice responses, including Welsh Government oversight. Whether there is effective read across to relevant Welsh Government strategies.
- Devolved and UK powers: how joined up is the interface between devolved and non-devolved policy such as criminal and youth justice.

Please stop stigmatising and discriminating against families who electively home educate. We are not an "at risk" group. We are not "on the margins". Please stop perpetuating negative stereotypes. This is highly damaging to home educated children, without evidence or cause, and is completely unacceptable conduct by CYPEC.
