

Cyflwynwyd yr ymateb i ymgynghoriad y [Pwyllgor Cyllid](#) ar [Cysylltiadau Rhynglywodraethol Cyllidol](#).

This response was submitted to the [Finance Committee](#) consultation on [Fiscal Intergovernmental Relations](#).

FIR_02: Ymateb gan: Cyngor Cymuned Llanllyfni | Response from: Llanllyfni Community Council

Dear Finance Committee,

Re: Consultation: Fiscal Intergovernmental Relations

We are increasingly concerned about the way in which intergovernmental funding structures are operating. We are very aware as a Community Council about the cuts facing our County Councils that inevitably affect us as a Community Council, which is all within the context of the cost of living crisis.

In addition, it is a Community Council that serves an area of multiple deprivation. Ensuring a purposeful and appropriate flow of money from London to Wales is absolutely key and fundamental to protecting and maintaining our services, together with maintaining a viable society.

We therefore greatly appreciate this consultation and are grateful to you as a Committee for addressing this, and for your important work.

The perception is that there are inconsistencies in the way money is transferred from London to the other nations of the UK and serious insecurity is seen in terms of the procedures of the current system.

We would like to support and approve any action to scrutinise the system and amend it as necessary, in order to ensure a fair flow of money to Wales.

Many thanks,

Sincerely,
