

P-06-1380 Make Blue badge Applications Lifelong for individuals who have a lifelong diagnosis

This petition was submitted by STAND NW CIC, having collected a total of 1,618 signatures.

Text of Petition:

Not all disabilities are the same, some are life long, meaning they do not change over time.

Unfortunately, current guidelines require individuals with lifelong diagnoses, which include learning disabilities or profound and complex needs, to reapply for a blue badge every three years. This process can be very frustrating and time consuming for both individuals and their caregivers and focus heavily on the negative aspects of an individual's abilities.

Additional Information:

The Equality Act 2010, states, a disability is a physical or mental condition that has a substantial and long-term impact on a person's ability to do normal day-to-day activities, it states it allows for the better or more favourable treatment of people with impairments based on the evidence given, to provide equality of opportunity.

We believe that the process should be updated to better support those with disabilities by making life easier for those with lifelong conditions.

We are therefore proposing a change, we are calling for the Welsh Government to change their current process when applying for blue badges, to give what's right and to support disabled people.

The change would be, that if a person applies for a blue badge due to a lifelong medical condition that is not expected to change, and their supporting health notes confirm this, then a blue badge should be granted for their lifetime.
