For each financial year, Section 20 of the Public Audit (Wales) Act 2013 requires the Auditor General and the Wales Audit Office jointly to prepare an estimate of the income and expenses of the Wales Audit Office and to lay that estimate before the Senedd at least five months before the beginning of the financial year to which it relates.

In accordance with Section 20 of the Act, each estimate must cover (amongst other things) the resources required by the Auditor General for the exercise of his statutory functions.

The Finance Committee of the Senedd may make any modifications to the estimate which it considers appropriate, but no modification can be made unless:

- The Auditor General and the Wales Audit Office have been consulted; and
- any representations that either may make have been taken into account.

The Welsh Ministers must each year move a motion in the Senedd under Section 125 of the Government of Wales Act 2006 that includes authorisation of the resources to be used (including accruing resources) and payments to be made by the Wales Audit Office. This Estimate sets out the amounts to be included in respect of the Wales Audit Office.

We welcome correspondence and telephone calls in Welsh and English. Corresponding in Welsh will not lead to delay. Rydym yn croesawu gohebiaeth a galwadau ffôn yn Gymraeg a Saesneg. Ni fydd gohebu yn Gymraeg yn arwain at oedi.

Mae'r ddogfen hon hefyd ar gael yn Gymraeg.

Foreword

Audit Wales exists to give the Senedd and the people of Wales confidence in a high-performing and accountable public sector. It provides transparency and accountability for taxpayers and their elected representatives. It provides public bodies with accurate and reliable financial information with which to plan and manage their services and finances effectively.

Our value for money work is vital to robust parliamentary accountability through the Senedd Public Accounts & Public Administration, Finance and other Committees. We audit the accounts and governance of over 800 public bodies across Wales, providing the principal means of assurance about how public money in Wales is being managed from the Welsh Government itself to the smallest community council, through almost every area of public service delivery.

Public audit provides the Senedd, public bodies and the public with independent assessment of the use and management of public money and early warning of problems. When the quality or timeliness of audit reduces, the risks of waste, fraud, and mismanagement increase.

The Minister for Finance and Local Government set out the challenges for public sector spending in Wales in her letter of 19 July 2024 – setting out the significant uncertainties for Welsh public finances post 2024-25.

We recognise this pressure on the public finances. Indeed, it is that pressure that makes the work of Audit Wales all the more essential. The need for value for money from every pound of public spending, and for trusted, timely assessment of the state of financial management and governance in the Welsh public sector, has never been greater. It is the responsibility of the Auditor General and the Wales Audit Office Board to make clear to the Senedd what is needed to provide that through a strong, sustainable, independent public audit office. Without such an office, the risk of failing to make best use of those scarce resources is greatly increased. And the cost to the public purse of the weaknesses that quickly arise as a result, far outweigh the cost of maintaining a properly resourced, high quality public audit regime. The total cost of delivering the independent assurance and insight of Audit Wales represents a little over 1 penny for every £10 spent on devolved public services in Wales.

Taking all this into account, our Estimate allows for an increase in our baseline call on the Welsh Consolidated Fund (WCF) in resource terms of 2.9%. An average increase in our fee rates of 1.7% is allowed for in the draft Fee Scheme appended to the Estimate.

Our [Annual Report and Accounts for 2023-24](#) sets out our record of achievement for the last financial year. In April this year we laid our [Annual Plan for 2024-25](#) at the Senedd. This Estimate secures funding for our forward priorities for 2025-26 and includes indicative funding requirements and considerations for future years. Our Annual Plan for 2025-26 will be laid before the Senedd before March 2025.

We look forward to discussing our Estimate with the Finance Committee in due course.

 - the amount of resources accruing to the Wales Audit Office in the financial year, which may be retained rather than being paid into the WCF; and
