Dear Chair,

Thank you very much for your letter confirming that you will be undertaking an inquiry into flooding. I'm pleased to hear that this work will be taken forward, and I would be delighted to submit written evidence if that would be possible or appropriate. I also know that local residents that have been impacted by Storm Dennis and Storm Bert would be very keen to contribute and share their experiences with Members of the Senedd. If it's your intention to hold a focus group or session with those affected by flooding, I would be more than happy to put you in touch with them.

Yours sincerely,

Heledd Fychan MS
