A call for evidence – Prudential Borrowing and innovative approaches to capital funding.

The Finance Committee is calling for information to help inform our inquiry into the use of prudential borrowing by Welsh local authorities and other organisations and innovative approaches to capital funding. Our findings will be shared with the Silk Commission, to help their work on financial accountability.

The inquiry's Terms of Reference

The purpose of this inquiry is to consider aspects of financing and funding of devolution in Wales with a view to informing the Part 1 report of the Silk Commission. The Committee will explore the following two specific issues:

- The extent to which the Welsh Government could be granted borrowing powers, looking at lessons learnt from the experience of local authorities current borrowing powers; and
- Consider innovative mechanisms which could be utilised by the Welsh Government to lever capital funds for infrastructure projects, without negatively impacting on the Welsh block, including the extent to which current borrowing powers of local authorities and other organisations could be utilised.

The Committee would welcome your views on any or all of the following points:

- measures taken by local authorities to determine and keep under review their prudential borrowing limits and how this is undertaken;

- differing levels of prudential borrowing used by local authorities in Wales and any reasons for such differences;
- an overview of the nature of projects for which unsupported borrowing has been used, and whether there are particular reasons for such;
- lessons learned from local authorities on prudential borrowing including the long term impact of repayments;
- how local authority borrowing could be used to boost the levels of capital available for Welsh infrastructure;
- any alternative measures being considered by local authorities to finance capital expenditure;
- alternative mechanisms of leveraging capital funding being considered by the Welsh Government in the preparation of their Infrastructure Plan, including the possibility of boosting borrowing by local authorities and other organisations;
- exploring innovative capital models proposed elsewhere in the UK, how these have been developed, utilised, and, where possible, how they have performed.

Providing information to the Committee

Interested parties are invited to submit written evidence to the Clerk of the Finance Committee at the above address, to arrive by Thursday 1 March 2012. If you wish **to contribute but are concerned that you won't be able to meet this deadline**, please speak with the Clerk of the Committee on 029 2089 8597.

If possible, please supply an electronic version in MS Word or Rich Text format, by e mail to FinanceCommittee@wales.gov.uk by Thursday 1 March 2012.

Disclosure of Information

Witnesses should be aware that once written evidence has been submitted to the Committee it is treated as the property of the Committee.

The Committee welcomes contributions in English or Welsh, and we ask organisations with Welsh Language policies/schemes to provide bilingual submissions, in line with their public information policies.

It is the Committee's intention to place written evidence on its website, and it may subsequently be printed with the report. The National Assembly will not publish information which it considers to be personal data with the exception of personal opinion and personal data relating to your identity as author of the evidence and the capacity, if any, in which you provide the evidence (for example, a job title).

However, in the event of a request for information (which includes personal data) being submitted under the Freedom of Information Act 2000, it may be necessary to disclose, in whole or in part, personal data that you provide. This may include

personal data which has previously been removed by the National Assembly for publication purposes (as described in the paragraph above).

If you are providing any information, other than personal data, which you feel is not suitable for public disclosure, or if you do not wish your identity, as author of the evidence, to be disclosed, this must be clearly identified and it is up to you to stipulate which parts should not be published, and to provide a reasoned argument to support this. The National Assembly will take this into account when publishing information or responding to requests for information.
