Additionally, you can contact the Board Secretary in the respective organisations, details contained in the Annex.

2. KEY RESPONSIBILITIES

The Board plays a key role in shaping the strategy, vision, purpose and culture of the organisation. It holds the Board to account for service delivery, performance, delivery of strategy and value for money, and strategic development and implementation.

It is also responsible for ensuring that risks to the organisation, staff and the public are managed and mitigated effectively. Led by an independent Chair and comprised of a mixture of both Executive and Independent Members, the Board has a collective responsibility for the performance of the organisation. The Chair will be accountable to the Cabinet Secretary for Health and Social Care for the performance of the Board and its effective governance, upholding the values of the NHS, and promoting the confidence of the public and partners.

The Chair will:

Strategy

- Lead the Board's development of a strategic vision for the organisation, identifying and realising the inherent potential and skills within the organisation to develop an innovative and world leading service.
- Provide independent judgement and advice on issues of quality, strategy, vision, performance, resources, and standards of conduct.
- Constructively challenge, influence and support the Executive Directors to develop proposals on such strategies.
- Support fellow Board Members in providing leadership within a framework of prudent and effective controls to ensure the long term sustainability of the organisation.
- Ensure that risks to the delivery of the organisation's strategy are articulated and managed.

Planning

- Be accountable for the performance of the Board at community, regional and national levels through the agreement and delivery of a three-year integrated medium term plan (or annual delivery plan) and the annual evaluation achievements against the plan.
- Ensure the Board provides effective scrutiny of the three-year integrated medium term plan, ensuring that it establishes clear objectives to deliver the strategy; encompasses the necessary quality, workforce, operational and financial resources for the organisation to meet its objectives; and regularly reviews performance against the plan.

Performance

- Receive, review and apply appropriate scrutiny to quality, performance, workforce and financial data and information to compare achievements against targets and, where necessary, support the implementation of remedial action.
- Agree challenging objectives for the Chief Executive and Executives for improving performance; agree objectives for the Vice Chair and Independent Members and undertake annual appraisals.

- Ensure effective control arrangements are in place to secure the financial viability of the organisation.

Governance

- Hold the Chief Executive to account across the breadth of their responsibilities.
- Provide strong, effective and visible leadership and communication across the breadth of the organisation's responsibilities, internally through the organisation and externally through their connections with a wide range of stakeholders and partners within and outside of the NHS at a national, community, and local authority level.
- Ensure the Board's commitment to the highest standards of governance, such that it acts in the interests of the population and partners it serves and is seen to be accountable for the services provided and the resources used.
- Ensure the provision of accurate, timely and clear information to the Board to meet statutory requirements.
- Seek assurance that internal controls and systems of risk management are robust and well governed.
- Analyse and interpret information provided to the Board, seeking clarification, further assurances, and triangulation of information wherever possible; and
- Ensure the organisation complies with its Standing Orders, Standing Financial Instructions, policies and procedures, and relevant legislation and regulations.

Culture and Behaviour

- Demonstrate the Seven Principles of Public Life (also known as the Nolan Principles) of selflessness, integrity, objectivity, accountability, openness, honesty, and leadership, and ensure the principles are upheld by all Board members.
- Embrace and promote the importance of Welsh language bilingualism and culture on all organisational activities.
- Instil a culture that encourages staff, patients, families, and the public to raise concerns that are then appropriately addressed.
- Embrace and promote equality, diversity, and inclusion for the organisation's population, patients, staff and stakeholders, reflecting and learning from own and the lived experiences of others.
- Ensure the highest standards of probity, integrity, and governance, and that the organisation's governance arrangements comply with best practice and statutory requirements.
- Provide visible compassionate leadership in supporting and promoting a healthy culture for the organisation and reflect this, and the values of the organisation, in their own behaviour.
- Bring current and past professional and lived experience, knowledge and influence to the work of the Board, to promote innovation, curiosity, and to challenge norms.

Engagement

- Build and maintain close relations between NHS Wales partners and stakeholder groups to promote the effective operation of our activities.
- Provide leadership to support and encourage effective working with partners, in particular with Health Boards, NHS Trusts, Special Health Authorities, local authorities, the third sector and social care partners, to ensure the planning and delivery of safe, effective services.
- Attend Welsh Government, health body peer groups and other stakeholder meetings, where required.
- Undertake an external ambassador role, delivering in the public spotlight and instilling public confidence.
- Be expected, with support, to understand the business of the organisation through active involvement.

Pre-appointment hearing

The Cabinet Secretary's preferred candidate will be subject to pre-appointment scrutiny and may be asked to attend a Senedd Cymru Committee hearing.

Pre-appointment scrutiny by Senedd committees is an important part of the process for some of the most significant public appointments made by Cabinet Secretaries/Ministers. It is designed to provide an added level of scrutiny of the overall process and verify that the recruitment meets the principles set out in the Governance Code on Public Appointments. This scrutiny may involve the relevant committee requesting and reviewing information from the Welsh Government and the Cabinet Secretary's preferred candidate. The committee may also choose to hold a pre-appointment hearing.

Pre-appointment hearings are held in public and involve the Senedd committee taking evidence from the Cabinet Secretary's/Minister's preferred candidate. These public hearings take place before an appointment is confirmed, but after the selection process has been completed.

Where a public appointment is subject to pre-appointment scrutiny, it is a matter for the relevant committee to undertake such scrutiny, including whether to hold a pre-appointment hearing. Following a review of information provided by the Welsh Government about the recruitment process, the committee may decide that a pre-appointment scrutiny hearing is not required before it publishes its report, if it agrees with the Cabinet Secretary's choice of candidate.

Diversity Statement

The Welsh Government recognises the value of having public bodies reflecting a wide range of cultures, identities and backgrounds. We encourage applications from all parts of society and want to appoint from the widest and most diverse pool of talent.

We welcome applications from everyone regardless of age, marriage (including same-sex marriage) and civil partnership, sexual orientation, sex, gender identity, impairment or health condition, race, religion or belief or pregnancy.

We are committed to recruiting women, Black, Asian and Minority Ethnic people, disabled people and members of the LGBTQ+ community, who are currently under-represented in Board positions at public bodies.

Disability Confident

The Welsh Government accepts the social definition of disability, in which it is recognised that barriers in society act to disable people who have impairments or health conditions, or who use British Sign Language (BSL).

We are committed to removing barriers so all staff can perform at their best. The Equality Act 2010 uses the medical definition of disability “a physical or mental impairment which has a substantial and long-term impact on a person’s ability to carry out normal day-to-day activities”.

We guarantee to interview anyone who is disabled, whose application meets the minimum criteria for the post. By ‘minimum criteria’ we mean that you must provide us with evidence in your application which demonstrates that you generally meet the level of competence for the role and any qualifications, skills or experience defined as ‘essential’.

If you would like a guaranteed interview, please contact the Public Appointments Team at PublicAppointments@gov.wales to let them know.

If you have an impairment or health condition or use BSL and need to discuss reasonable adjustments for any part of this recruitment process, please contact the Public Appointments Team as above as soon as possible to discuss your requirements and any questions you may have.

Standards in public life

You will be expected to demonstrate high standards of corporate and personal conduct. All successful candidates will be asked to subscribe to the Code of Conduct for Board Members of Public Bodies and Codes of Conduct and Accountability for NHS Boards and the Code of Conduct for NHS Managers Directions 2006.

[Code of Conduct for Board Members of Public Bodies \(gov.uk\)](#)

Personal Development and Performance Review

Welsh Government values the contribution made by public appointees and wishes to ensure, in association with NHS Wales Bodies that post holders are able to access a range of personal development opportunities. On appointment a personal development plan and objectives will be agreed with the Chair/Cabinet Secretary. Successful candidates will also be required to attend an induction programme. Academi Wales deliver a range of leadership development programmes across the public service in Wales and opportunities to access these and other programmes will be explored on appointment.

Conflict of Interests

When applying you will be asked to declare any interests which may, or may be perceived to, conflict with the role and responsibilities, including any business interests and positions of authority outside of the organisation you are applying to.

Any conflicts of interest will be explored at interview. If appointed, you will also be required to declare these interests on a register which is available to the public.

Due Diligence

Welsh Government Public Appointments Team will undertake due diligence checks on all candidates successfully sifted to interview. This will include, but not necessarily be limited to, social media and internet searches. As a result, any due diligence findings may be explored further at interview.

Making an appointment

If you are successful, you will receive a letter from the Cabinet Secretary for Health and Social Care appointing you to the position which will confirm the terms on which the appointment is offered. Your appointment will be subject to a reference check undertaken by the Welsh Government's Public Appointments Team and to a DBS check undertaken by the NHS Wales Shared Services Partnership. Attendance at the NHS Wales Induction Programme is mandatory on appointment and you will be required to attend the next available course.

ANNEX 1 – ABOUT ANEURIN BEVAN UNIVERSITY HEALTH BOARD

Aneurin Bevan University Health Board was established in October 2009 and achieved 'University' status in December 2013. The Health Board's principal role is to ensure the effective planning and delivery of our local NHS system, within a robust governance framework, to achieve the highest standards of patient safety and public service delivery, improve health and reduce inequalities and achieve the best possible outcomes for our citizens, and in a manner that promotes human rights. To fulfil this role, we are required to work with our partners and stakeholders in the best interests of the population we serve. As a Health Board, we serve the population of Gwent which reflects the five local authority areas: Blaenau Gwent, Caerphilly, Monmouthshire, Newport and Torfaen. The demographics of Gwent are varied and include rural countryside areas, urban centres and the most easterly of the south Wales valleys.

The Health Board employs 12,276 whole time equivalents (WTE) which translates to 13,306 staff and is the largest employer in Gwent. Our workforce is ageing, as is the demographic profile of our population and the health inequalities of our population are also found within our workforce. 80% of our staff live within our communities. Therefore, it is essential that staff health and wellbeing is a key priority and a feature of our preventative plans.

The Health Board has an annual budget from the Welsh Government of just under £1.6 billion per year from which we plan and deliver services for the population of Gwent. The Health Board, as well as providing services locally, works in partnership to seek to improve health and well-being in the area, particularly through our partnership arrangements to respond to the Social Services and Well-Being (Wales) Act 2014 and the Well Being of Future Generations (Wales) Act 2015.

The Grange University Hospital in Cwmbran opened in November 2020 and provides critical and specialist care to residents in Gwent and South Powys. Three enhanced Local General Hospitals continue to provide a range of inpatient and outpatient services; these are the Royal Gwent Hospital in Newport; Ysbyty Ystrad Fawr in Ystrad Mynach and Nevill Hall Hospital in Abergavenny. There are also a range of other hospitals and facilities across Health Board area.

For further information regarding the role please contact Rani Dash, Director of Corporate Governance: Rani.Dash@wales.nhs.uk

Additional information on Aneurin Bevan University Health Board can also be found on the Health Board's website.

ANNEX 2 – ABOUT CARDIFF & VALE UNIVERSITY HEALTH BOARD

Cardiff and Vale is one of the largest integrated Health Boards in the UK. In serving a population of over 500,000 across Cardiff City and the Vale of Glamorgan it employs more than 18,000 staff and has a budget in excess of £2bn.

The Health Board is responsible for a full range of health and wellbeing services including primary and community-based services; acute services through the 2 main university hospitals and children's hospital; public health; a range of other services across more than a dozen sites; and, as a tertiary centre, specialist treatment and complex services not available in other parts of Wales such as neurosurgery and cardiac services.

The refreshed strategy, Shaping our Future Wellbeing 2023-2033, sets out the ambition to tackle health inequities within and between communities, enable people to keep well and deliver an outstanding service to the right people, in the right place, at the right time for the best outcomes and experience. This strategy is built on the foundation of the organisation's core values: kind and caring, respectful, trust and integrity and personal responsibility.

There is a strong partnership focus and the Health Board is committed to co-producing health and wellbeing services and enjoys excellent working relationships with its stakeholders and partner organisations including the 2 local authorities, universities, charitable and third sector organisations and businesses. The two Public Services Boards and the Regional Partnership Board have gone from strength to strength in recent times and there is growth in collaborative working across South Wales, with neighbouring Health Boards, on regional service provision such as the Major Trauma Network for the communities of South and West Wales.

There is a strong ambition and future focus too. The Joint Academic Health Science Strategy seeks to build upon the world-leading Genomics expertise in the organisation and the strength of the relationship with Cardiff University to develop a considerable stable of research projects, clinical trials and advanced therapies to do the best for patients and the wider population. Further, it is about firmly positioning Cardiff as an active and capable city attracting more investment, trials, and innovation.
