## **Urgent Representation at the Women's Euros – Wales vs France**

Dear First Minister,

I write on behalf of the Committee to express our deep disappointment at the absence of ministerial representation at the Women's Euros fixture between Wales and France on 9 July 2025.

This match is not only a significant sporting event, but also a moment of national pride. We are advised that the Prime Minister is attending England's fixture, and the President of France is expected to support his national team in person. The lack of Welsh Government representation risks conveying that our women's team is not afforded the same recognition or support as others on the international stage.

We urge you to reconsider this position as a matter of urgency. A visible ministerial presence would demonstrate the Welsh Government's commitment to gender equality in sport and its support for our national athletes.

Would you kindly confirm whether a minister will now be attending the match to provide the visible support our team deserves and to ensure that Wales is proudly represented on this important international stage?

Yours sincerely,

*Delyth Jewell*
