Political Parties Campaign Expenditure (Senedd Elections) Code of Practice 2025 ("the Code") – Statement of Reasons for Modifications

Location of Modification in Code	Modification	Reason for Modification
Whole document	The references to Part I, II, III etc of Political Parties, Elections and Referendums Act 2000 ("PPERA") have been amended to Part 1, 2, 3 etc.	To ensure consistency throughout the Code.
Paragraph 1.2	The reference to the Minister for Housing, Communities and Local Government has been amended to Cabinet Secretary for Housing and Local Government.	Incorrect name for the Cabinet Secretary.
Paragraph 1.2.	The reference to Part 11 of Schedule 8, Political Parties, Elections and Referendums Act 2000 ("PPERA") has been amended to Part 2 of Schedule 8 to PPERA.	Incorrect reference.
Paragraph 1.3	Extra space deleted between "with" and "section 73".	Formatting correction.
Paragraph 1.22	The wording "Election expenses" has been amended to "Campaign expenditure".	To ensure consistency with the wording in Section 72 of PPERA and throughout the Code.
Paragraph 1.25	The reference to paragraph 2(2)(f) of Schedule 8 to PPERA has been	Incorrect reference. This should refer to paragraph 2(1)(ea) of PPERA which was

	amended to paragraph 2(1)(ea) of Schedule 8 to PPERA.	amended by regulation 3 of the Political Parties, Elections and Referendums Act 2000 (Exclusions and Variation of Campaign Expenditure Limits) (Wales) Regulations 2025.
Paragraph 1.25	A footnote to the relevant legislation has been added, as in paragraphs 1.23 and 1.24.	To ensure consistency throughout the Code.
Paragraph 1.27	The title "Notional spending" has been moved to a new page.	Formatting correction.
Paragraph 3.4	Paragraph (f) has been moved to a separate line to paragraph (ea).	Formatting correction.
Paragraph 6.18	The reference to article 65 of the 2007 Order has been amended to article 67 of the Senedd Cymru (Representation of the People) Order 2025.	Incorrect reference. The name of the Order has been included in full as it is the only time it is referred to in the Code.
