

**P-06-1500 Neath Port Talbot UNISON needs additional Funding for NPT Council -
Correspondence from the Petitioner to the Committee, 14 January 2026**

To Petitions Committee

Thank you for your response , my only view is regarding the SPF funding allocation , currently we have over 67 jobs at risk due to the lack of funding allocation .

We ask the committee to consider the implications of the lack of SPF funding will have on our Special Projects that the communities count on also the potential 67 job losses .

Kind regards

Mark Fisher

Branch Secretary

UNISON Neath Port Talbot Branch
