

9-9-2013

Dear Dr Stan Phipps,

I am writing to ask you again to reconsider the urgency of an hourly train service from Aberystwyth to Birmingham International

Each train that I travel on is constantly full with passengers standing for part of every journey. Surely this is evidence of the need for an hourly train service in our area.

We have waited long enough in mid Wales at the expense of other South Wales projects and we were promised an hourly train service by 2015 I do hope you will keep the Welsh assembly's promise and honour this commitment

Yours sincerely Robert Handcock
